Foreword

Welcome to the 2001-2002 edition of the *Directory of Public Schools,* an annual publication of the Nova Scotia Department of Education.

Enrolment and the number of teachers reported are given as of September 30, 2001. These *should not be used for statistical purposes*. Official statistics are available from the Research and Statistics Section of the Department of Education. The number of teachers (FTE) include full and part-time educators expressed as full-time equivalency. Principals are counted only once in their home school. Instructors in the Adult High Schools are not included in the teacher FTE count. The number of students enrolled, and the number of teachers employed, vary during the school year. The detailed school information was accurate to the best of our knowledge at the time of printing.

Many schools in Nova Scotia have been consolidated into single administrative units consisting of two or more schools. These consolidated schools are reported in the Directory with an '*', indented under the single administrative unit. The enrolment and teacher counts for the consolidated schools are reported in the administrative unit's numbers.

For Official statistics for the Pr-12 public education system or additional copies please contact the Research and Statistics section of the Nova Scotia Department of Education, 902-424-6988 (Fax 902-424-0626), Email: edstats@EDnet.ns.ca, or visit our web site http://stats.ednet.ns.ca and select School Directory. Here you can search for information on public schools by different criteria and create mailing labels. Additional copies of the *Directory of Public Schools* can be downloaded.

Figures in this Directory should not be used for statistical purposes.
